Regional Office

Dear Mr. Lucas:

On behalf of BNE Land and Development Company we are forwarding two copies of the closure report and site assessment for four underground tanks closed at the proposed North Summit Square property. The map in the report provides a specific location for sites where tanks were removed.

Please review the report and provide us with any comments or contact us for questions. As you will note we are requesting your concurrence in taking no further action at both sites 1 and 2.

The Notice of Intent (GW-UST-3) was submitted to your office on May 17, 1991. Tank removal took place on June 19 and June 20, 1991. Thank you for your review.

Kevin C. Martin,
President
Soil & Environmental Consultants

Bill Horton,
Vice President
BNE Land & Development Co.
